Physical conditions needed for learning is under environmental factor. One of the factors that affect the efficiency of learning is the condition in which learning takes place. This includes the classrooms, textbooks, equipment, school supplies, and other instructional materials.

### **7 Important Factors that May Affect the Learning Process**

The education of English language learners (ELLs) is one of the most important issues facing U.S. educators. ELLs are a large and growing proportion of the school-age population — according to National Center for Educational Statistics, in 2007, about 10.8 million (or 20%) school-aged children in the U.S. spoke a language other than English at home (Planty, Hussar, Snyder, Kena, Kewal Ramani, Kemp, Bianco, & Dinkes, 2009).
