Apa References Guidelines

References provide the information necessary for readers to identify and retrieve each work cited in the text. Check each reference carefully against the original publication to ensure information is accurate and complete. Accurately prepared references help establish your credibility as a careful researcher and writer. Consistency in reference formatting allows readers to focus on the content of your reference list, discerning both the types of works you consulted and the important ...

References - APA Style

An APA reference list must: Be on a new page at the end of the document Be centred Be alphabetically by name of first author (or title if the author isn't known, in this case a, an and the should be... Contain full references for all in-text references used

How to Cite Sources in APA Citation Format - Mendeley

The equivalent resource for the older APA 6 style can be found here. This resource, revised according to the 7 th edition APA Publication Manual, provides fundamental guidelines for constructing the reference pages of research papers. For more information, please consult the Publication Manual of the American Psychological Association, (7 th ed.).

Reference List: Basic Rules // Purdue Writing Lab

APA recommends that your title be focused and succinct and that it should not contain abbreviations or words that serve no purpose. Your title may take up one or two lines. All text on the title page, and throughout your paper, should be double-spaced. Beneath the title, type the author's name : first name, middle initial(s), and last name.

General Format // Purdue Writing Lab

As a result, these guidelines provide psychologists with (1) a frame of reference for the treatment of lesbian, gay, and bisexual clients; and, (2) basic information and further references in the areas of assessment, intervention, identity, relationships, diversity, education, training and research.

Guidelines for Practitioners - apa.org

In this guide, students and researchers can learn the basics of creating a properly formatted research paper according to APA guidelines. It includes information on how to conceptualize, outline, and format the basic structure of your paper, as well as practical tips on spelling, abbreviation, punctuation, and more.

APA Format: Everything You Need to Know Here - EasyBib

Provide the author, year of publication, title, and publisher of the book. Include any edition information in parentheses after the title, without italics. If the book includes a DOI, include the DOI in the reference after the publisher name. Do not include the publisher location.

Book References - APA Style

APA style dictates that brackets should directly surround their content without spaces (e.g., [bracketed content] should look like this). When possible, include the year, month, and date in references. If the month and date are not available, use the year of publication.

Reference List: Electronic Sources // Purdue Writing Lab

Do not include a date of last review in a reference because content that has been reviewed has not necessarily been changed. If a date of last review is noted on a work, ignore it for the purposes of the reference. Italicize the title of the webpage. Provide the site name in the source element of the reference.
