The archives is a place of knowledge, memory, nourishment, and power. Archives at once protect and preserve records; legitimize and sanctify certain documents while negating and destroying others; and provide access to selected sources while controlling the researchers and conditions under which they may examine the archival record.

Archives Power: Memory, Accountability, and Social Justice ...

Archivists can use the power of archives to promote accountability, open government, diversity, and social justice. In doing so, it is essential to distinguish objectivity from neutrality. Advocacy and activism can address social issues without abandoning professional standards of fairness, honesty, detachment, and transparency.
