Kindly say, the corn is universally compatible with any devices to read

Nook Ereader App: Download this free reading app for your iPhone, iPad, Android, or Windows computer. You can get use it to get free Nook books as well as other types of ebooks.

## Corn

Corn was first domesticated by native peoples in Mexico about 10,000 years ago. Native Americans taught European colonists to grow the indigenous grains, and, since its introduction into Europe by Christopher Columbus and other explorers, corn has spread to all areas of the world suitable to its cultivation. It is grown from 58° N latitude in Canada and Russia to 40° S latitude in South ...
