### How To Check Transmission Fluid Level Ford Expedition 5.4 ...

Get a oil vacuum/pump... Pull about 2 qts out of the dip stick/fill pipe. Use new spec fluid to fill it back up. Drive about 50 to 100 miles and feel for slippage.. if you don't feel any try it again. If you do this about 3 or 4 times and don't encounter slippage, you are ready to do a drain and fill. Get a filter, fluid, and gasket and make the change.

### Transmission Fluid | Ford Expedition Forum

If the transmission fluid level on your Expedition is low, you need to add fluid through the dipstick tube. Ford has been developed sophisticated transmissions through years and it is critical that you add the exact type of transmission fluid stipulated by your owner's manual (typically in the back of the manual in a section titled Fluid Capacities.) When adding transmission fluid to your Expedition, be sure to add it slowly as the transmission fluid capacity is reached quickly and it is ...
