The rest of the book is painting tutorials on how to make these three hives, its offers basic thumbnail images with some basic text telling you what paint to use and how to apply, its very spartan so whilst you can apply some of these ideas to your painting they really pander to people wanting to make similar schemes to leviathan and other established schemes so don't expect any real super originality coming through the pages.

### **Invasion swarms worth it? - Forum - DakkaDakka**

Stage 1: "Invasion" While this stage provides the least direct threat to your physical safety, it is the most important. Your absolute vigilance is required in spotting incoming Tyranid assault pods, vanguard organisms and potential civilian collaborators.. If possible, treat any imperial citizenry with even more scrutiny than usual.

Hey, I know this thread is old-ish, I was just wondering if anyone already started painting up some models in the color schemes from the book. I kinda on the fence right now wheter to go with Kraken, Leviathan or Court of the Nephilim King :/ I'll most likely paint up one model of each to see it live, but wouldn't mind some non GW-pics.

The Tyranids are unlike any other race to be encountered by Humanity. They are the ultimate predators; to them all living things, from the lowliest insect to the most advanced civilisation, are mere prey. Only now are the inhabitants of the galaxy realising the scale of the threat - unless the Tyranids can be stopped,
