“Jason Louv’s John Dee and the Empire of Angels is a groundbreaking new assessment of one of the Western world’s most influential polymaths. It brings together a staggering amount of research on Dee’s life and multivalent contributions to the fields of science, mathematics, esotericism, and religious thought.

John Dee and the Empire of Angels - Jason Louv

In times of sidelined personalities the draw of being the hero of your story (again) is appealing. In John Dee and the Empire of the Angels Louv builds on his article for Boing Boing and suggests that Dee was much more than his reputation as a premodern cuckold.

John Dee and the Empire of Angels - Trebuchet

Jason Louv's John Dee and the Empire of Angels may be the best book ever written about how, and why, our world has been structured in such a destructive fashion. If Angels truly do exist, and have their own agendas, then this book does a lot to help one understand what their ultimate goal is.
