Jan 29, 2013 - Step by step instructions on scratch building a model using free plans found on the internet.

## **Using Free Plans to Build a Scale Model Building**

Creating a structure for a Garden Scale model railroad presents a few challenges not shared by builders of smaller scales. For one thing, projects are considerably larger and take up more space during construction. Storage and handling of materials can also take up more space. The main consideration, however, is that the buildings have to withstand the elements, so some of the typical

Decide on a general scale for your model village. It is important to have both buildings and accent pieces match in size. For example, one story of a building should be a set amount of inches--perhaps 2 inches--in all the buildings in the model village. Many people can eyeball this once they begin to build.
