Mars And Venus In The

Mars and Venus is a panel painting of about 1485 by the Italian Renaissance painter Sandro Botticelli. It shows the Roman gods Venus, goddess of love, and Mars, god of war, in an allegory of beauty and valour. The youthful and voluptuous couple recline in a forest setting, surrounded by playful baby satyrs. The painting was probably intended to commemorate a wedding, set into panelling or a piece of furniture to adorn the bedroom of the bride and groom, possibly as part of a set of works. This i

Venus orbits at an average distance of only 108 million km from the Sun, while Mars is an average of 228 million km. Venus gets as close to Earth as 38 million km, and Mars gets as close as 55.7...

Mars and Venus - Universe Today

Mars and Venus in the Workplace analyzes the differences in the ways men and women communicate, solve problems, react to stress, earn respect, promote themselves, experience emotional support, minimize conflict, score points, view sex, and ask for what they want. By showing the many ways men and women misunderstand and misinterpret each other in the workplace, John Gray offers practical advice on reducing unnecessary conflict and frustration.
