SDN and NFV Simplified: A Visual Guide to Understanding ...

The core similarity between software-defined networking (SDN) and network functions virtualization (NFV) is that they both use network abstraction. SDN seeks to separate network control functions from network forwarding functions, while NFV seeks to abstract network forwarding and other networking functions from the hardware on which it runs.

Doherty, SDN and NFV Simplified: A Visual Guide to ...

It is in fact a simplified view of SDN and NFV. It's a 2016 book and you can tell that both technologies have developed so much in the last 4 years. It does give you a good background on what the technologies are and what they were meant to fix (and also what they broke). It was a bit repetitive sometimes, and that's why it has lost a star.
