world's largest non-  
government  
organization for  
developing voluntary  
international business  
standards) recently  
released new  
guidelines regarding  
human capital  
management.

## **Why HR Should Go Above and Beyond the New ISO Standards**

ISO does not decide  
when to develop a new

Where To  
Download The  
New Iso Standard  
standard, but responds  
to a request from  
industry or other  
stakeholders such as  
consumer groups.

Typically, an industry  
sector or group  
communicates the  
need for a standard to  
its national member  
who then contacts ISO.

filtering profiles has been introduced—ISO 16610—which defines different types of filters related to surface finishing. ISO 16610-21 specifies the metrological characteristics of the Gaussian filter for the filtration of profiles. In particular, it specifies how to separate the long and short wave components of a surface profile.
