The one-box laser is a comprehensive all-in-one package that enables you to integrate laser marking into your production or machine. As well as the electronics, scanner, and PC, it also accommodates the TruMark 5010 or TruMark 1110 beam source in minimal space. This means that the one-box laser can cover a broad range of application areas.

BrightLine fiber turns the solid-state laser into a universal tool: the function provides you with high-quality cutting results over the entire sheet thickness range. Furthermore, all of the advantages of the solid-state laser are retained, in particular the high speeds, during thin sheet processing.
